

Cater Chit Chat

Excellence through personal service

Issue 1, December 2010

Our Journey

Pietermaritzburg Catering Equipment's team has over 60 years of experience in the hospitality and catering industry. The company was established in 1999, more by chance than by strategic planning. The opportunity arose to make an offer on some discarded equipment that was being thrown out (literally) by Westville Prison Service. It was a sideline hobby, to an already successful restaurant, owned and managed by Ralf Wersig, that soon emerged to be the successful business it is today.

Our services range from the retailing of restaurant smalls (cutlery, crockery and glassware) to the design and fit out of restaurants, and the supply of new and reconditioned catering equipment for hotels, resorts, hospitals, schools, prisons, retirement villages and game lodges.

Geographically we cover Kwa-Zulu Natal Province, Free State, Gauteng, Mozambique, Swaziland, Namibia, Zimbabwe and beyond our national borders to Mauritius and Australia.

Spülboy lands in PMB

Spülboy Glass Washers have been manufactured for over 30 years under the highest quality control by a German family business. The Spülboy guarantees ease of use and perfectly clean glasses.

This is an indispensable piece of equipment for every modern bar or restaurant.

For more information about this new product, contact Ralf or Maureen on 033 394 8864

Extreme Make Over...
